## Data Protection, Data Privacy, Cyber Security

Prempeh Law Firm focuses on bridging the gap between technology and law by providing expert level technical support to implement legal requirements. This is a decade of data protection and data privacy. The importance of data protection and privacy cannot be overlooked. Data has commercial and personal values and must be protected accordingly. Across the world, several regulations and legislation have been passed to ensure a heightened level of security and privacy for confidential-essential business data and personal data. Prempeh Law Firm's Data Privacy and Cyber security practice group offers full-suite of services to help you navigate both the technical and legal aspects of data protection and privacy.

# Law and Data Governance

## Data Protection and Data Privacy

Our clients rely on us for both technical and legal aspects of cyber security and privacy services. Privacy and cyber security management and compliance measures are becoming crucial to businesses in the wake of confidential data breaches. Prempeh Law leverages industry-specific knowledge and technological advancement to handling privacy and cyber security issues. Whether you are a company required by law to follow security framework or guidelines or wants to develop polices, test the vulnerabilities of your systems and create better organizational policies and guidelines, we are ready to help you along each step of the way. We also help our clients to implement regulatory frameworks such as the EU-GDPR.

## Business Practice Group

We represent clients in business transactions and commercial litigation. We handle contract negotiations and drafting covering but not limited to Data Protection Agreements, Master Services Agreements, Statement of Work, Cloud Services Agreement and other technology Agreements. Our Business Practice Group also handles contract dispute and commercial litigation.

We advise corporations on domestic and international business transactions and regulatory landscape. We zealously represent the interest of our clients and ensure that our clients are satisfied in each engagement.

# Our Philosophy

Our core philosophy is built around Wisdom, Ingenuity, Intelligence and Patience. Our clients' interests are always supreme in every engagement. We are committed in the philosophy of developing wisdom with our clients, bringing ingenuity in our representation and being attentive to your needs.
